2702368122

User-Friendly Interface

Designed with a Mac OS-inspired look, the interface is intuitive and easy to navigate, making financial management accessible for all users.

A mockup of a login window with a title bar, 'Username:' and 'Password:' labels, input fields, and a 'Login' button.

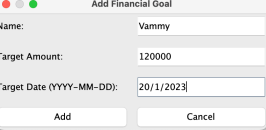

ID	Type	Category	Amount	Date	Description
1	Income	Salary	120000	2023-01-01	Monthly Salary
2	Expense	Rent	-15000	2023-01-01	Monthly Rent
3	Expense	Food	-5000	2023-01-05	Weekly Groceries

Transaction Management

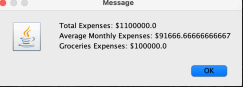

Easily add, view, and categorize transactions. Track your income and expenses with detailed records and categorize them for better insights.

Financial Goal Setting

Set, monitor, and achieve your financial goals. Whether saving for a vacation or paying off debt, the system helps you stay on track.

A mockup of an 'Add Financial Goal' window with fields for 'Name:', 'Target Amount:', and 'Target Date (YYYY-MM-DD):', and 'Add' and 'Cancel' buttons.

A mockup of a message box showing expense statistics: Total Expenses: \$1120000.0, Average Monthly Expense: \$91666.6666666667, and Greatest Expense: \$100000.0.

Expense Analysis

Gain insights into your spending habits with detailed analysis and visual reports. Identify areas to save money and improve your financial health.

Data Import/Export

Securely save and load your financial data. Import existing records or export your data for backup and review, ensuring your information is always up-to-date.

A mockup of a window for data import/export, showing a list of files or data sources.
